

Hi Kevin,

I wanted to take a moment and than you very much for the excellent job you did on the carport. I appreciated your hard work and detail to the project. I have worked with a handful of contractors and handymen in the valley. Although the jobs were eventually completed, they were never quite what had been intended. I would have absolutely no qualms about referring customers your way. As a matter of fact two neighbors have already asked for your number.

I look forward to getting going on the bathroom remodel. Contact me when you've had a chance to work up the quote and we'll get moving. Thank you again for the stellar work. You have no idea how much it is appreciated.

PS. By the way the neighbor next door with the sleeping children came over last night and was singing your praises. She told me that she appreciated you being so considerate in all that you did, including being respectful of the noise and covering her vehicle and the clean up after the job had been completed. She had nothing but great things to say.

Thanks again!
